EXPERIENCE

Michael T. Counihan's vast experience spans all aspects of the Food Service and Hospitality Industry. He has held staff, management, and corporate staff positions with some of the largest contract companies in the Food Service Industry. Mr. Counihan developed and directed the Restaurant Management Program at Del Mar College in Corpus Christi, Texas, the first program of its type in Texas. As a Training Coordinator for a large Contract Food Service Operator, he developed and trained management and personnel in over forty (40) states. He has successful operations experience as an Owner/Operator, Developer, Investor, District Manager, and Director of Food Services for a major University food service department. His consulting experience includes over eight hundred (800) clients including restaurants, private clubs, institutional accounts, government food service programs, and as an expert in a variety of litigation and professional activities.

City of Residence: Austin, TX
